

Berrios - Flores Family

Hello Friends!

Brasov, March 2010

It's been a while since I last wrote to you. Several things have happened in the last few months, things you have been praying about. Thank you so much for your prayers. It encourages us a lot to know you are there; always caring for us, willing to hear from us and pray for us.

Tim Prewitt, Director of World Reach, visited us. He preached in several churches, including Hope Baptist Church where he taught The Couples' Class. We have started to help in this church.

AT HOPE BAPTIST CHURCH**

Tim also got together with some of the pastors in the city to whom we are closely helping in a movement of unity and work that God is developing in their hearts and to which we have been invited to be a part of. Once again, we thank God for the confirmation received as we have been officially invited to be part of the group of pastors in the city. This year, the pastors and churches will develop several activities together that we will also be a part of. We will be rejoicing as we see the growth of unity in the body of Christ in the city of Brasov.

AND PASTOR CLAUDIU PREDA**

**TIM PREACHED AT THE CHURCH
OF PASTOR EUGEN JUGARU**

This year, we have already been visited by Pastor Doug Barber from Virginia, USA. He is a World Reach Bible Institute teacher and he taught from the letter to the Ephesians. This month, Pastor Earl Parvin (also from the USA) will teach about the world's perspectives of the different religions in the world; a very passionate topic that our students will definitely enjoy. We thank you for your prayers for this ministry of education and support to the churches, as well as the development of their intermediate leadership.

In this picture is the group of couples from the Hungary Baptist Church of Brasov, where we are helping in the ministry of young couples. This church is part of the alliance of churches in the city and the Lord continues to open doors to serve them.

We also want to tell you about Andrea. She is a student in the Bible Institute and is Martita's friend. They share and study together. She is one of the several women to whom Martita personally ministers. God is using Martita with the gift of consolation He's given to her.

One more time, we encourage you in the Lord to continue to be a part of this ministry; interceding fervently for us and asking wisdom for us to discern His will.

Hugs,

Francisco and Martita Berrios
Missionaries to Romania
