

# The Ceballos Family in Honduras

March 2010

## Dear Family and Friends,

We thank God for all of you and trust He is caring for you, pouring His most wonderful blessings upon your lives. We thank God for His faithfulness. We've enjoyed this new year full of gifts from God. There's so much to say; however, we will share some of the most outstanding details as a testimony of God's greatness.

## Trip to Guatemala

As you may remember, we

all as a family made a trip to Guatemala in order to renew three of our passports. This trip was an answer to God which you and we presented before God. He answered in a

*The family enjoying grandpa Itiel*

much better way than we originally asked for. We praise God for the following reasons:

1. We had His protection every step of the way.
2. We enjoyed our trip without any vehicle problems.
3. We never encountered a problem with Guatemalan authorities nor border officials, despite having Honduran license plates. *This could very well be the opposite at times.*
4. God's marvelous provision for all of the economical needs that came about.
5. God allowed us to spend some quality time with Danny's father and with the rest of

*On top of the Cuchumatanes Sierra*

Danny's family. Our children enjoyed seeing family again after being away for 5 years!

6. The trip to different parts

of Guatemala, including a stay at the Atitlan Lake for 3 days and 2 nights. An extra gift we received was that of crossing this beautiful lake.

*Danny and Damary*

7. For giving us such a beautiful and special time as a family.

8. For the family that stayed and

watched over our house in Honduras during our absence. They were used by God for protection and for watching over our mascot "Bonnie".

## Siguatepeque's Fire Department

We praise God for allowing Danny the opportunity to begin weekly meetings with the Fire Department again. With what little Danny has shared with them so far, their desire for the Word of God is quite noticeable, as well as the

willingness to share their personal issues with Danny. Praise God for such a special opportunity!

### **The Joy of Service**

We began this year on February 15 with a great number of women. God used the negative political

*The Joy of Service*

situation that Honduras went through last year in order to wake up the need in new women to come to know more about Christ. We have 14 new students who had never come to study God's Word by way of The Joy of Service. *(We pray these women will continue on with the program).* We thank God for each of these new women as they represent two new church denominations which add up now to these Biblical studies and we hope that they will be able to reach out to other women at their local churches. We are very happy!

We praise God for allowing us to begin our studies this year on "Christian Counseling". There's a great need in growing more in this area. Please pray that God will use each principle learned in this material. Also, pray that each teacher and student *(a total of about 325 women)* may finish this year's goal. Our closing ceremony is held in November.

### **Resurrection Sunday Joined Service**

The Siguatepeque Association of Pastors asked Danny to be in charge of preparing and leading our Resurrection Sunday's Joined Service for this year 2010, right at the end of Easter week. This is a special service in which all of the local Central American Churches in Siguatepeque join at 5:00am in order to celebrate the triumph of our Lord and Savior's resurrection. It is a privilege for Danny to be in charge of such a special event, as it has always been his personal

goal to honor God in this particular ministry. Danny's plan is to finish the music arrangements for an orchestra, vocal group, video, audio and, of course, the complete leading of this program, coordinating the people in charge of celebrating the Lord's Supper and some special music guests. We ask that you please pray for this event to bring forth a special blessing upon the people in charge as well as the people whom God will allow to attend this special service. Let us remember that *The honor is to God, not us!*

### **The Empresa Campesina Ministry**

We thank God for allowing us to take part in this ministry. As time flies by, we will soon be celebrating a year since we started it off. Our ministry at the village "La Empresa Campesina" has been blessed as we have encouraged our brothers and sisters in that community. Up until now, we've shared in the way of Preaching, Music, Vacation Bible School and a special activity done by their small youth group. For this last activity, the youth

*Movie Presentation*

group asked Danny to help out with a special movie presentation which, for these people who live so far away from the city, turned out to be something quite special to which a lot of people attended. It was interesting that only local church members attended. This allowed, by showing the film as well as Danny speaking, to leave a challenge on all of them, which our Lord and Savior left for all of us: Matthew 9:36-38 and Matthew 28:18-20. We ask you to pray for this growing congregation, that God will motivate them to become an active church rather than a passive church.

We want to thank you for your prayers and communication. Our prayer is that God may bless you always! *Until next time!*
