The Ceballos Family

Dear Friends and Family,

It is a pleasure to greet you once again, wishing God's most faithful blessings upon you (as we can surely testify personally and praise Him every day).

We have been very busy since the last time we wrote to you. For this reason, we always dedicate time to prayer and intercede in your behalf. We rejoice when you write to us. That way, we're able to not only learn more from you,

but have specific reasons to pray.

The Joy of Service

The first trimester of 2007 finished satisfactorily two weeks prior to Mother's Day celebrations. We are happy because there's no doubt that

God is using this ministry to bring many blessings in many ways to the Honduran women. After one week of vacation in-between the trimesters, we're

We want to thank all of you for your constant prayers and the faithfulness that many of you have shown in your monthly giving towards our personal and ministry needs.

Praise the Lord for what He has been doing in us. Our son, Sammy, will turn 11 next June 22nd. He is a very good student and also continues to serve the Lord through music. He is presently playing the trumpet and drums at church. He participates in the "Siembra y Cosecha Christian Band" as well. This year, he began lessons on Guitar and Keyboard. *He says he wants to exceed his own father!* Melody Joy will turn 9 on

September 20th. She is also a very good student. This year she began lessons on the Recorder. Their Home School teacher (*Damary*) has continued with the commitment of teaching our children. We value her extraordinary efforts!

WE WANT TO TELL YOU BRIEFLY WHAT GOD HAS BEEN DOING BY HIS WONDERFUL GRACE THROUGH US - IN SPITE OF OUR IMPERFECTIONS:

thankful to have begun the second trimester on Monday, May 14th.

This trimester's study is based on the book of Galatians. The subject is "Strong in our Freedom as Christians". We ask that you pray faithfully on this ministry's behalf. The small groups outside the local seminary (led by the students who attend our meetings held

in seminary on Monday afternoons) need to be more dynamic and stronger in the Biblical teaching to fulfill their commitment to the Lord. May they experience good results from a special workshop titled "How to Teach with Excellence" which was also taught on May 14th by an invited guest.

Fire Department Ministry

Danny continues this beautiful ministry to the men at the Siguatepeque Fire Department. There have been difficult situations in which meeting plans have been changed. For example, the corruption that involves just about every area of Honduras has reached this department. Because of "lack of funds" these men

cannot assist all emergencies. Consequently, many times people have died. This feeling had overcome these men's souls. This terrible burden was let out in one of the meetings but, praise God, His Word brought strength and peace to them. Please pray for the lives of these men who need more and more from God each day.

Some good news is that, after a little over a year, the Captain once again mentioned his willingness to attend these meetings. He said, "*Perhaps next time I'll be the one greeting you at the Fire Department.*"

Danny has promised them your prayers, so . . . please don't let them down. Thank you so much for praying!

Trips to Nicaragua

This year, God has opened new opportunities for Biblical and theological training for the pastors and leaders in the neighbor country of Nicaragua by way of a "Diploma in Pastoral Leadership".

Danny has two trips planned for **June 10-12**

and **July 8-10**. We ask that you pray for protection on both trips and that God may give him wisdom before these men. The majority of them are experienced pastors, some with a life-long ministry. Many of them may have difficulty in their way of thinking regarding some of

the subjects. 'Worship' is one of the most delicate and sensitive ones.

May God use Danny to bring many blessings, that they may put to work all the tools that will be given during both of these trips.

Recording Ministry

We praise the Lord that He has allowed Danny to finish the recording project of our fellow missionary, Tim Hagler.

We are happy the results were a success! Now, we ask that you pray that this new material may be reproduced and be an edifying experience for those who may listen to it. The message in each song will undoubtedly be very special for some listeners who may not otherwise hear.

We ask that you continue to pray because, apart from all the other ministries Danny is currently involved in, he has began his own 3rd Instrumental Project, which we hope to finish by the end of July for it's proper reproduction. We hope to have it ready and then send a copy to each one of you

Bible Seminary

We praise God for using Danny to train pastors and leaders at this Seminary. It is a great joy to know details that confirm that the training given to these men have been effective and have brought blessings to their churches.

As with the “The Joy of Service” program, Danny had a week of vacation. This time off helped him prepare

materials for the second trimester, which began on Tuesday, May 15th.

We ask that you continue to pray for Danny and his students as they have now reached a very practical trimester. All the tools given during the first trimester, as well as the ones still to be given this second trimester, will be put into work immediately. We anticipate

good results and perhaps some changes in the churches that these students represent.

We realize the difficulty of some of the tools, but we know that, once they’re put into perspective, the results will be tremendous.

SPECIAL PRAYER REQUEST

Trip to The United States

Dear friends, we want to present to you a very special prayer request. This year is very special to us as a family. Many of you who live in the U.S.A. have been sensitive to God’s calling and have been used by Him to prepare the way for our upcoming visit to your churches.

The reason for our trip is not only to minister to these churches, but also to present our ministry vision and the financial burden it carries. Just as we are sure of God’s confirmation of everything that has been planned for this trip so far, we are also sure that He will provide for all the expenses that this trip requires.

We ask that you pray to God, who is the owner of all the riches in Heaven and on Earth, that He will also open doors for provision for this needed trip.

In our last letter, we sent you a brief copy of our trip itinerary. Please continue to pray that God will do all according to His mighty will.

SOME SPECIFIC PRAYER REQUESTS FOR OUR TRIP

Pray:

1. For wisdom and for our ministry to be a blessing and edification to the Saints in the U.S.A.
2. That our ministry will be fruitful
3. That God may open doors to expand our team of prayer and financial supporters
4. For health and travel protection during these trips, both air and land
5. For God's provision for the airfare
6. For special provision of a rental car needed to make a trip from Oregon to California, the time there, and the trip back to Oregon (2.5 weeks). We have many contacts to visit and the need to have our own personal transportation at all times is a must.
7. Food provision
8. For our home rent in Honduras during the 2.5 months we are away
9. That we may be able to rest the last 2 weeks prior to returning to Honduras so that we will be able to carry on with the ministry load

Final Challenge

If you wish to help in this area specifically, please let us know. Or, you may send your offerings to our headquarter office in Birmingham, Alabama. Please include a brief note explaining your purpose for the offering.

Again, we thank you from the bottom of our hearts.

Your prayers, your correspondence, your offerings - everything - truly encourages us to continue to serve Him who called us to His service. To God be the glory and honor until the end of time. Amen!
