

August 2009

The Gomez Family

Dear Brothers and Friends,

We want to begin by praising God for each one of you. It is because of your prayers and support that the ministry of Christ keeps moving forward, especially in these countries of Central America.

At the end of the month of June, we had a Vacation Bible School in the community of Balibrea. The average attendance was 200 kids. On Thursday of the V.B.S. we had an evangelistic evening. During that week, many came and trusted their lives to Christ as their personal Lord and Savior. Now, we are seeing the results of that week. The number of people attending our Cell Group is continually increasing. Praise God, for surely we will soon have another church plant in this area.

We want to thank Midway Baptist Church for their valuable help in the project of planting this new church.

We also praise God for our brother, Rey Mendoza Duarte. He is a young man who is helping with the ministry in Balibrea by assisting me in teaching Bible lessons in this community.

FAMILY

Reina's health is better now. Thank you for your prayers. We praise God that she is still working in the public school. He is continually using her in great and mighty ways with these children and their families.

Noely is enjoying some well-deserved vacation. She just finished the eighth grade with good grades and for that we praise God. She is part of the group of leaders ministering to children at the Christian Family Center, a ministry that she is starting to love.

Dany is growing a lot. He is working with evangelism in Balibrea and is doing well in his classes. His vacation does not start until November. We praise God for his continual growth, both physically as well as spiritually.

Noel is sharing from the Word at the Cell Group in Balibrea. Almost two months ago, we started a new Prayer Group and Bible Study Group with men from our church with whom we have a wonderful relationship. In the next few months, I will be teaching some classes in the southern region of Honduras, as well as the region of Nueva Guinea in Nicaragua. I will be teaching a “Hermeneutics” class in Honduras and I will be teaching “Crisis Counseling” in Nicaragua. We praise God for what He allows us to do.

OUR PRAYER REQUESTS

- Please continue praying for Reina's health.
- Pray for a piece of land in Balibrea where we can build a place to meet and new chairs for the meetings.
- Pray for the group in Balibrea to continue growing.

Your Servants in Christ,

Noel and Reina Gomez
