

Noel and Reina Gomez

August 2010

Dear Brothers and Friends,

It is a joy for us to write to you. We give glory to God for the lives of each of you and your families that support this ministry here in Honduras, both through prayer and financially. Blessed be the Lord! We have so much to tell you, so let us begin.

BALIBREA

God has been adding to the numbers in the church daily. Glory to God for Balibrea!! We know that God has brought Balibrea to us with very clear purposes. Now, as we are getting to know the people, we can see their great need for God and for nutrition and education.

For now, we are meeting in their tiny houses that are already too small to accommodate the growing numbers. Glory to God for this growth and for the new believers!

We are praying that God will provide for the purchase of some land on which we can construct a multi-purpose building. It needs to be multi-purpose because we want to celebrate with services to our God, have a training center where they can come to learn a trade and also develop a child-feeding center where we could give the children at least one nutritious meal per day. With the help of some brothers, we have been able to provide some food and some used clothing that was in good condition. Many here are living on \$15.00 per week for a family of five to eight people.

We meet once a week and do visitations on other days. We are also helping out with their health issues as best we can.

We take up an offering at each meeting and collect about one or two dollars per week. On occasion, we will have a fundraiser by selling food in the community. We have now collected a total of \$250 for the purchase of the land that will help us in our plans for Balibrea.

In our own family, God is faithful by permitting us to serve Him together in this work. We feel that He wants us to work together as a family in this new church planting project in Balibrea.

OUR PERSONAL LIVES

Reina: Continuing working in the public school; doing an important work with the children and also with her fellow workers. She is a great help in the planting of the church in Balibrea by maintaining a good relationship with the women. Her health is not the best because the pain in her back is sometimes intolerable.

Noely: On school vacation right now. She will be entering High School. We are praying that the Lord will provide the funds for her tuition, which increases every year. She is still giving classes to the children of The Christian Family Center and attends Youth Group at the church. She is also helping with the new church plant in Balibrea.

Dani: Growing up fast and is in the fifth grade. He is also helping in Balibrea and is a member of the Heroes Club of The Christian Family Center.

Noel: Preaching the Word in various churches in Siguatepeque, teaching in the Bible Institutes and working and visiting in the new church plant in Balibrea. He meets once a week with a men's group for Bible study and prayer. Glory be to God - Who is Doing Great Things!

PLEASE PRAY

- 1. Balibrea and a plot of land*
- 2. Our health and protection*
- 3. God will use us for His glory*
- 4. Our financial situation*
- 5. A new vehicle (The one we have is not adequate for Balibrea and other places.)*
- 6. God will continue to use Noel in the preaching of His Word*

In Christ,

Noel, Reina, Noely and Dani Gomez
