Dear Friends,

We realize that sometimes we may overwhelm you with prayer requests. In this letter, we would love to overwhelm you with the reality of **God's faithfulness** in answering those prayers for our furlough here in North Carolina.

Furlough Travel: God wonderfully provided for us to be able to travel to the US on April 31. We will return to Honduras on September 27.

Housing: A wonderful Christian family has loaned us a house for our furlough. It is wonderful and we are only about a mile from Tim's parents. PTL! Please pray for the *Edwards family* that God will bless them in every way.

Honduras House: God has provided for a couple of volunteers to stay in our home in Siguatepeque. From all reports the last month has been great for them. PTL!

Vehicle: Another great Christian family has loaned us a great minivan from their car lot for our furlough use. Please pray for the *Baucoms* that God would bless them in their business, that God would greatly multiply the investment that they have made in our life.

Spanish CD: *Reavis Memorial Baptist Church* in High Point, NC wants to use our new music CD in their Hispanic outreach. We will be duplicating at least 1000 CDs as soon as we finish the cover artwork. PTL! Let us know if you need some for your Spanish outreach.

Family Activities: It has been great to visit with family, especially our parents and siblings. Missing our family is many times the hardest part of missionary service.

Hannah started a part-time job at a local restaurant and is taking her Driver's Education courses. *Daniel* has played some on a baseball team and has attended basketball camp. As I am writing *Daniel* and *Abigail* are at a

Spiritual Quest retreat with their Aunt's church. *Lizzy* is really enjoying her grandparents. *Kathee* has started teaching aerobics at a local gym and she will be helping to translate for a mission trip to Mexico at the end of June (23 - 30). PTL!

Phone: God has graciously provided a cell phone for our use during our stay. You can call us at (336) 324-5645. Pray that God will bless *Chad Long* for his generosity.

Church: Here in Locust, Tim is filling in some for a pastor on sabbatical, but we believe that God is using this time to show us some church-planting ideas that can be used back in Honduras. *Could multi-site strategy be developed for Honduras?* Please pray!

Honduran Church - Centro Familiar Cristiano: From all reports, our church in Siguatepeque is continuing to grow numerically. Please pray for spiritual growth and maturity...and more chairs! Every time we buy chairs God fills them up!

Church Visits: It has already been a privilege to visit and invest in ministry with Mission Baptist, Gate City Baptist in Greensboro, NC and to be in Tim's home church, Locust First Baptist (on Father's Day). It is beautiful to be mutually encouraged. Please pray for the rest of our travel schedule this summer. It includes North Carolina, Alabama, Tennessee, and Louisiana.

Support Raising: We have had several questions about support raising and we believe that God is stirring interest in supporting this ministry. We need to see God raise an additional \$1000 per month in ongoing ministry support.

Thanks for praying...God has shown Himself faithful in many ways...**let's Glorify Him Together!!!**

In Him,

Tim & Kathee
