

Botho & Gisela Heinz

Dear Prayer Partners,

October 2008

A new semester has begun at the Yalta Bible College. Botho was there to present the curriculum and its teachers for the next two years to the students. That means Botho has already found enough Christians to volunteer on the mission field as teachers. We stress that the teachers we use are experts on their subject. With this focus in mind, it is not an easy endeavor. But, it is a worthy undertaking because good teachers are very appreciated, which is reflected by a steady number of students. It is so good to experience how God's Word has a lasting effect on His children.

At the end of a day when Botho had talked about "Creation and the Great Flood", a student stated how grateful she was to get a deeper insight into the Bible. Some of the issues were new to her and she asked an interesting question, "Was everything wrong I was taught in school?" As you know, our young people are confronted with a similar question in public schools: *Did*

God create this world as reported in the Bible? We think it is important to give logical, profound and conclusively substantiated answers.

This summer, many young people from the church in Yalta helped with the children in an Evangelistic Summer Camp. Several of them are or were students of Botho. About 200 children heard God's loving offer and quite a few invited Jesus into their lives.

At the beginning of this year, Botho and the German Board gave thought to the mission work of the Theological Teaching Service (the German branch of World Reach). We realized that our

mission association is well known in Eastern Europe, but not in Germany. Thus, we put together a new flyer with information to promote our ministry. We want to also make an English version and bring it to you the next time we come to the States.

Please pray that many of our friends here in Germany will not only read the information with interest but also pass the flyer on to others so that the level of awareness concerning our ministry will increase and more believers will start praying and giving.

When you read this letter, Botho will be teaching in Romania at a Bible College south of Sibiu for two weeks. We would appreciate your prayers.

God bless you.

Yours.

A handwritten signature in black ink, appearing to read 'Botho & Gisela', written in a cursive style.
