

Bryan and Evelyng Huyhua

Beloved Brothers,

November 2008

It is a pleasure to be able to tell you about our time of relating to others about our ministry in Peru while in the United States. Through this trip, we could really see the hand of God giving us encouragement and strength in a new experience for us of sharing our ministry, who we are and what we do. We hope that God continues working. In visiting the churches, we could appreciate not only the love and companionship, but also seeing God putting our need in the hearts of the brethren (*Philippians 2:13*). We could also see that the difference of language, nationalities and customs disappear in the light of the Grace of God through the faith that unites in only one body, which is the Church of God.
