

Hello from PERU!

I sincerely thank each of you for your prayers earlier this year while I continued studying the **Spanish** language in Guatemala. Having spent four months in Peru prior to my studies, the Language concepts of the new language seemed easier to grasp. During my stay in Guatemala, I was blessed to have a Christian teacher at the school. Every class, I spent precious time with her and enjoyed visiting her sweet family and church. I remain in contact with many Godly friends I met while in Guatemala.

Of course, coming back to the states is always a blast! I had a wonderful visit with family and friends. Some churches invited me to come and share of my work in Peru and, along with my sisters, I played for a few weddings. I cannot thank McCalla Bible Church, enough. They are my sending church and each time I return, they greatly encourage me.

As I continue teaching K4 at La Roca Christian School, I covet your daily prayers. Twenty-three students await me each day to eagerly sing, write and speak their new language - **English!** Challenges are many, but I am thrilled when each child brings a teachable attitude to class.

Each of you are remembered for your prayers and financial gifts. Please continue to thank God for blessing the ministries here in Peru as I continually thank Him for each of you.

In His Service,

Elise Rice
