

SUMMER TEAMS

August 2010

Dear Praying Friends,

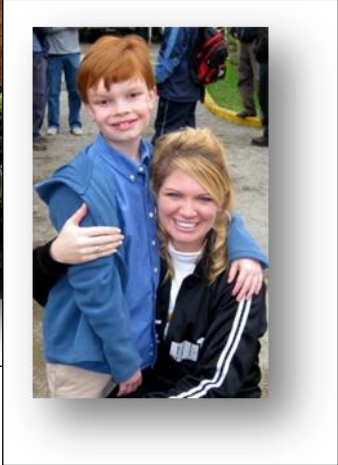

Initially, I want to thank each of you for your continued loving support of the ministry to which I am called here in Peru. God constantly brings you to my mind as I watch Him work mightily in the lives of each soul He secures by His relentless love.

These past few months delivered endless excitement surrounding many ministry efforts. Various teams on summer break from the United States joined us, co-laboring in countless ministry opportunities. As each team arrived,

we were humbled to find them willing to help and to encourage us in any way that was needed.

Consequently, with the temporary help from summer teams, opportunities opened to go into numerous villages and provided many with the message of Jesus Christ. During sessions when we taught children, the parents often looked on. Afterwards, they thanked us for coming and sharing with their children. We also introduced many of these adults to the message of the Gospel. As these new Christians grow, pray for their continued strength and guidance.

A team I especially enjoyed was the team from Southeastern Bible College in Birmingham, Alabama. It was a joy to revisit with my former professor, Dr. Hugh Huguley, his wife, Julie, and Harley, their son.

Santiago & Elise

Perhaps, I am most thrilled to announce my recent engagement to Santiago Valesquez, a Godly missionary. Our wedding will be held in Peru and is scheduled for January 8, 2011. Your presence is indeed welcome! I would cherish your prayers for all that comes along with wedding-planning.

May I repeat that I thank God for each of you. Please remember that my ministry in Peru would not exist without you. I consistently ask God to bless all of you, now and always.

In His Service,
Elise Ricci
