

Chema and Dinora Sandoval

Dear Brothers,

March 2008

It is a pleasure to know that you are helping us in our ministry with your prayers and support, which we appreciate. God bless you!

We have begun this year with great expectations. We will be involved in many projects and have already started to work with some of them.

Evangelistic and Leadership Preparation

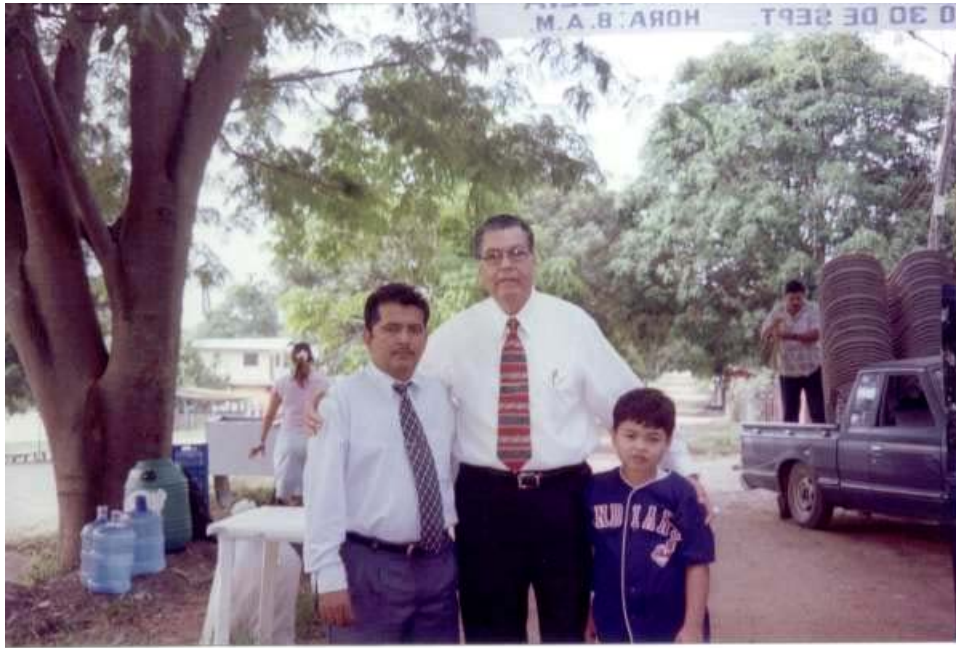

- Two great activities - In a civic town square and a gymnasium in Tegucigalpa. The first one is with educational centers (schools) and the second one is with many churches in the capital.
- Leadership preparation in the north - We are visiting the city of La Ceiba twice a month.
- Considering the insecurity in which we are living in our country (assaults, kidnappings, murders...), we think it is vital to reach the hearts of our youth through their parents. To do this, we are having a “Parents Orientation School” and a “Special Family Day” on March 9.

Family Seminars

We have already started with these seminars. We were happy to be able to greet 86 people who came to our first meeting. This is a ten-week project in the first module.

Our purpose will be same every second Sunday of each month. We have heard testimonies about the way God has made important changes in the lives of many families.

Prayer Requests

1. Our activities during these first months
2. Ministry in the Kindergarten, Primary and High School
3. Family needs
4. Sound equipment and evangelical material

Again, thank you for your valuable help in our ministry. We pray that God will continue blessing you.

In Jesus,

Chema and Dinora Sandoval
