

The Sandovals

March 2010

Dear Brothers and Helpers in our Ministry,

We have started working in this year of 2010 with a lot of blessings from our God! Even though this year is so hard in the economic aspect, we can rejoice for the spiritual blessings.

Educational Area

Last week, we had our first devotional of the year. It was a wonderfully special time - 72 young people gave their lives to God! We are praying for the lives of these youth.

On March 2, we opened the "Parents' School" with a lot of goals. We want to have 100 people that will meet each week to receive family advice.

Ministry

This weekend, we will minister in Tegucigalpa with a group of brothers from the ministry on the plan of salvation. At night, we will be speaking in the church on "Jesus, The Light of the World." Please pray for these activities.

In May, we will be in an evangelistic crusade with all the brothers of the region of Santa Barbara. We will meet with the leaders during the day to take advantage of a good time of orientation about "Spiritual Skills".

Family

We have seen hard moments as well as the powerful hand of God in our lives. Last week, someone broke into our house. Thanks to God, my wife wasn't at home at that time and I was in a meeting with our team. The thieves took many material things but God took care of our lives.

For Praying

- 1. The economics in our institutions this year; we have problems.**

- 2. Our activities in our first months this year:**
 - * **Parents' School**
 - * **Devotionals**
 - * **Studies on the Bible for New Christians**
 - * **Bible Classes**

- 3. Our ministry activities**

- 4. Protection from God for our family and for each member of the World Reach team**

Thank you for your help and prayers for our ministry.

Your Servants in Christ,

Chema and Dinora Sandoval
