

Chema & Dinora Sandoval

Dear Brothers and Sisters in Ministry,

July 2009

In these times in our country, we lift our sight to the sky and say with the Psalmist:

*"I will lift my eyes to the mountain, where will come my help?
My help comes from Jehovah!"*

Honduras is in its worse time in many years. But, we are sure God will help us move ahead. Please, we ask you to strongly pray for our country. We are going to learn a lot of lessons through everything that is happening.

We have had to cancel some activities during these recent months: a crusade for families in Tegucigalpa, another in San Luis and one in San Pedro Sula. We hope in the coming months to be able to continue with them.

Reasons for Prayer

- ~ The very delicate situation in our country
- ~ The next step in the construction of our World Reach-Honduras office
- ~ That God will continue to give us home necessities, as well as spiritual needs

Thanks so much to every one of you for your valuable help in our ministry.

Your servants in Christ,

Chema and Dinora Sandoval
