GREETINGS FROM HONDURAS!

Dear Brothers and Sisters,

August 2010

It is good that we can share blessings and experiences that come to our lives each day.

OUR FAMILY

We have been praying for the health of our first granddaughter that is 16 years old. Recently, they returned to the United States for her second treatment. God is in control of this illness.

The doctors diagnosed our second granddaughter with thyroid cancer and, as they were doing the examination, she was completely healed. The doctors that treated her were astonished! How wonderful our God is!

Some weeks ago, Dinora broke her foot and she will have a cast for one month. But, thanks God, she is going to improve. Thank you for your prayers!

EDUCATIONAL AREA

This year of 2010 has been difficult financially, but more productive Spiritually.

At the beginning of the year, we had the visit of a group called "International Proclamation" and 72 youth made a decision to follow Jesus.

God has provided us with some spiritual advisers and Bible teachers for this year. We have seen that many of the youth have joined different churches in the city.

EVANGELISM

The College, School and Kindergarten are like seeds ready to be watered. We have prepared some strategies of discipleship which requires much time and courage, but it is worth it.

We will travel to San Luis, Santa Barbara with Evangelistic Programs and Family Seminars.

In Christ,

Chema and Dinora Sandoval
