February 2008

"He is a shield to those who hope in Him." Proverbs 30:5

WE HAVE SEEN THE HAND OF THE LORD

From January 12th to the 20th, we received a visit from a group of brothers and sisters from Indiana. It was a great blessing for us. The Lord put in my heart to have different evangelistic activities during the day - ministering in schools during the morning, in different communities during the afternoon and each night have an open-air program. On Monday, we were in a school for the displaced children who had fled the volcanic eruption of the Santa Ana volcano which occurred two years ago. Another day, we went to the General Hospital of this city where we could lift the spirits of the children in the pediatric ward. As fruit of these different activities we saw not only children come to know Christ as Savior but also young people and adults, especially in a community in the northern part of our city. Two entire families are now attending our church as a product of these activities. The Lord has called me to begin a small group in this area of the city and I started the first Friday of February. Please pray for me and for this new outreach. Here are some pictures:

Hospital**

UPCOMING ACTIVITIES

- For the purpose of taking the Word to the people we have contacted, I will be starting (with the Lord's help) a new small group in a home in the northern part of the city.
- The Lord is opening the door in several institutions to preach the Gospel. The first week of February, I will be in the Center for Infant Development sharing with the parents of these children the importance of inviting Christ into their life.
- According to the laws of El Salvador, we are not allowed to evangelize in the public schools; but the power of God is greater. The heart of a director of a public school here was touched by the Gospel and has invited me to come and share with the young people about Christ. It is a school of almost 1,000 students. We will be meeting together every Saturday to sow in their hearts the Word of the Lord. I am confident we will see fruit for the honor of Christ.

PRAYER REQUESTS

- For a new small group starting next week in the community of IVU.
- For strength, courage and dedication to carry the Word of God to the parents and young people of this city.
- That the love, mercy and grace of the Lord fill my life each day.
- For spiritual protection against the Enemy.

Thank you for your love.

Your Servant in Christ,

Leonel Arriaga
