DECEMBER 2009

Greetings Dear Brothers and Sisters,

The year went by quickly. It has been a time of great news in the ministry. This year we started to visualize the different needs we had with the land for the church, including the clearing of what now is our church space. Throughout the year we have seen the hand of the Lord daily; the provision for small projects, bringing the right people for the work, the necessary patience to wait in Christ and the encouragement and energy for physical work. Now, we are in a new place by His grace and mercy.

It has been this grace and mercy which sustained me all along this year in the ministry, understanding that only through Christ have I been able to stay faithful as I work for Him. I want to thank you for being a part of all that is happening in this place and in my life. There's no doubt that your prayers and support have contributed to complete the Lord's purpose in my life and ministry. I have seen His hand. Glory to Him!

Praise the Lord for uniting us in Spirit in this great ministry to reach and save others for the praise of His glory. God bless you and your families. I wish that this coming time will be a blessing in everything, especially the spiritual aspect of your lives. May we all come to the Lord, trusting Him and knowing that goodness comes only from Him.

Merry Christmas! I pray that the next year will be full of grace and mercy to our homes and lives while waiting with patience for the coming of the Lord.

Thanks for your support. God bless you!

In Christ,

Leonel Arriaga
