TIM & CAROL

IN HONDURAS

Dear Friend and Partner:

From day one, Carol was warmly received by the wives of the pastors where she provided sewing (both hand and machine), knitting and crocheting classes. Some of the ladies already knew how to sew, but she was able to help them with making purses, curtains and material selection. This will provide a new source of family income as their husbands are trained in God's Word.

Carol also taught crocheting techniques to the young ladies of the church. Making purses was a *"big hit"* among the girls! From the selection of the different colored yarn and needles to the actual purses being crocheted, she won their hearts. She was greatly assisted by five of the World Reach staff wives using their own sewing skills and providing translation. They were: Kathee Hagler, Damary Ceballos, Dorys Perdomo, Maileen Simpson and Carmen Castillo.

This time in Honduras was a great encouragement to these ladies as God used Carol to minister in this special way.

While there, Tim mentored the staff through ministry planning meetings and interviewing prospective new team members.

Thanks for traveling with us through your prayer and financial partnership as we labor together for the cause of Christ.

With much gratitude,

Tim and Carol
