September 2009

Argentina Marriage Conference

These are pictures from the opening session of a Small Group time. They are putting together a list of “The Ideal Spouse”. They enjoyed the opportunity to say things that they would not normally discuss. No surprise here – except maybe the reactions of the spouses to each group’s list! It will be interesting to see what God does in their hearts. As usual, culture often conflicts with Biblical truth.

Questions are starting to surface . . .

- *What do I do if my husband won't lead?*
- *I am abandoned by an unbelieving husband. Can I re-marry?*
- *What do I do when a spouse is no longer attractive?*

“My husband and I are starting over.” They had been married for years but now want to start afresh according to God’s Word! PTL!

Even though the H1N1 Flu prevented our camp retreat, there was a lot accomplished during this week of teaching. (The government restricted assemblies of people except for soccer!?)

Please be in prayer for the work in Argentina. Most people in this country far to the south do not have a relationship with Christ Jesus. Evangelical Churches are rare. Our prayer is that God will raise up a group to begin a World Reach Bible Institute near Cordoba, Argentina.

Near Home

I was blessed to be able to teach on “Marriage” for three months to a local Sunday School class. New relationships were made and God’s Word ministered to families. This time, the teaching was more interactive. Focusing on less Scripture per session and allowing for more Small Group time was a blessing. God led me to deal with forgiveness early on in the sessions. Later, I discovered that was a critical need in some of the people that were present. I am still awed at the leading of the Holy Spirit, taking us to the Living Word to minister the right words to these specific people.

The Future

The marriage conference planned for August in Bogota had to be moved to November because I have a deficit in my ministry account. Does anyone have ‘Cash for Missions’ or, should I say, ‘Clunkers for Missions’? I am praying for funds for the November trip since it will be extended to include two weeks of practical preaching instruction in the Bible Institute, followed by a marriage retreat for couples. Also, a church in Ukraine has requested my seminar on marriage.

Anniversary ♥

Lolly and I praise our God that we are celebrating our 31st year milestone!

Would you consider being a prayer and financial partner as we seek to train and equip here at home and also abroad? May God richly bless your investment.

For the Gospel,

Bobby

In Argentina, I had a *Birthday Party* during the Coffee Break at 10:30pm!

(Class was from 9:30pm to 11:45pm)
