

Dear Brethren,

August 2008

Greetings and blessings to each and every one of you. Along with the family and staff, we would like to express our gratitude for your prayers and financial support for the special activity we had with children in the northern province of Jujuy, Argentina.

WE THANK GOD FOR THE RESULTS:

1. We had our first Vacation Bible School in the Northern Province of Jujuy. We taught them that real heroes obey God in everything, using the motto "Sports Center That Develops Heroes". We had 420 children and approximately 200 of them made a decision for Christ. On the last day, we invited the parents for the graduation and shared the Gospel. Eight of them received Christ as their Savior.
2. At the end of the week, four women that were helping on the grounds came to Monica and expressed their awe that we had taken care of all these children and shown them so much love. They wanted to know, "What is different about all of you? What do you have?" She shared the Gospel with them and all four accepted Christ. Now they are very eager to start studying the Bible with the pastor's wife. One of them asked us to please go to her house and talk with her 15-year-old daughter that has serious problems with drugs. That same night, this girl and three of her friends were saved.
3. The mothers went to the school's principal to let her know about the big changes in their children after that week. So . . . now we have an invitation from the principal to hold seminars about conflicts in the lives of children and teens.
4. We would like to share with you about the wife of Pastor Cecilio Ortega. For years, she had been praying for an opportunity like this, to reach many children and families. It is interesting to see how God answers prayer. We shared the results with her on Saturday and on Sunday she went home to be with the Lord.
5. While there, we did some open-air evangelism in the public square where we handed out evangelistic tracts and 32 individuals accepted Christ.
6. Along with Brother Bob Brefka from the USA, we held a seminar in our church.

Please pray for the leadership training school that we will have during August and September. We need to prepare all the material to teach at the school where we had the activities with the children.

Also, pray for the Bible studies that Monica will be teaching in our church during this month.

Thank you so much for your attention and motivation towards this ministry.

Your servants in Christ,

Andres and Monica Acosta
John 15:16
