

The Acosta Family

Dear Brothers and Sisters,

August 2009

Finally, we can communicate with you again. For two weeks, both my wife and I were sick at the same time; so we talked, prayed and shared with each other. It was a beautiful time to also examine, evaluate and project the direction we are going with both the family and the ministry.

Our Children

The kids are doing very good and are occupied with their normal activities. **Yamile Andrea** is discipling various girls and working with the Vacation Bible School. **Tatiana Melissa** is studying at the University and also working with the VBS. **Andres Esteban** is studying and doing well in school. He is being discipled and is working on various areas in his life.

The Ministry

Three weeks ago, we finished with the second preliminary level of the Training School for Leaders. It was a beautiful time of learning about the family. We are currently making a selection of what is going to be for next year. We already have 26 students for the start of the new class.

We are preparing for the VBS during September 19-21. For this, we need your help: Lots of prayers, food (*we will be with kids of limited resources*), money to buy the food, educational materials and details for these activities. We hope to have 300 kids, but no more than that due to the limited physical capacity and human resources that we have. Also, we're adding another activity for adolescents. We will talk to them about abortion and sexual abstinence. The goal for this group is also 300.

An abandoned Christian Lutheran Church closed their doors 19 years ago and we want to use it for our meetings; so, we are looking for the organization or persons in charge of it. Also, we are looking for a place for the Counseling and Prenatal Center. Both my daughter and Monica want to start this ministry that is needed so much in this region where we live.

We thank God constantly for your prayers and help. May God bless you richly.

Your servants in Christ,

Andres and Monica Acosta
